

## Romanian Energy Center Event

# Think – Tank: European Energy Infrastructure – What is there for Romania?

Friday 28 June 2012, 13h30 – 15h30, Representation of the State of Baden-Württemberg to the European Union, Bodenseezimmer, Rue Belliard 60-62, B-1040 Brussels

## AGENDA

Issue	Lead	Time	Key Messages and Questions to be addressed
<b>Energy Infrastructure and Regulatory treatment / priority premiums</b>	TRANSELECTRICA	15	Members of REC are interested to know how to better address energy infrastructure projects. Is there anything REC members can do to get more involved with EU infrastructure initiatives and projects?  Emphasis to be maintained on this: higher risk projects need stronger incentives. If this is not addressed through the EIP, it will need to be addressed through separate measures.
<b>Renewables Support Schemes</b>	ENERGOBIT	15	The support schemes for renewables are key for ensuring investments. There is need for more transparency, stability and predictability in the regulatory regime.  How can we ensure this in Romania?
<b>Smart Cities and Smart Grids</b>	ADREM INVEST	10	REC members are interested to know recent developments of EU related projects in this field. Currently REC members are involved in Smart City Sibiu Project. Is there anything REC can do to help the Smart City Platform?  Members of REC are interested to know the European Policy measures and support to AMR implementation in the next period.
<b>Energy Efficiency</b>	ADREM INVEST	10	Members of REC are interested to know how to address energy efficiency Programmes and projects. Is there anything REC can do to help EU initiatives?
<b>Questions and Debate</b>		40	

## OBJECTIVE and PARTICIPANTS

**Objective:** The objective of this open discussion is to **address energy infrastructure and related regulation**, as well as the most **practical ways** to involve Romanian energy organisations in **projects** addressing these topics.

**Participants:** This event, bringing together high-level executives members of the Romanian Energy Center, experts and policymakers, representatives of the European Commission DG Energy, representatives of other energy associations or energy companies acting in Brussels, together with mass-media representatives will investigate what is needed to ensure energy infrastructure development and market integration. Focus on the Romanian Energy Market, in particular **practical ways to address infrastructure development of the Romanian power system** will be part of the agenda.

## List of PARTICIPANTS

No	Name	Organisation	Position
1	Dana PETRESCU	TRANSELECTRICA	Director Grid Developments
2	Florentina RADUCANU	TRANSELECTRICA	Director Investments
3	Corneliu BODEA	ADREM INVEST	Vice-President
4	Karoly BORBELY	ENERGOBIT GRUP	Director
5	Mihai PAUN	Romanian Energy Center	Secretary General
6	Dan LUCA	EURACTIV	Director
7	Bogdan RADULESCU	RADIO ROMANIA	Correspondent
8	Cazimir PRECUP	KREAB	Energy Policy Expert
9	Dana POPP	Association of the European Heating Industry	Public Affairs Manager

10	Cristian KANOVITS	European Commission DG ENTREPRISE	Rapporteur Dossier Shell Gas
11	Alexandra TAMASAN	GIZ Consulting	Senior Consultant
12	Camelia CRISTACHE	European Parliament	Assistant to MEP
