

March 2015, Brussels

**Subject: Early Alert and INVITATION to the Romanian Energy Center Event 2015:  
“Energy Union – Challenges and Opportunities for Sustainable Energy in Central and South East Europe” - Romania  
ENERGY DAY 2015, 26<sup>th</sup> May 2015**

Dear Sir/Madam,

We would like to kindly invite you to attend and directly contribute to the “Energy Union – Challenges and Opportunities for Sustainable Energy in Central and South East Europe - Romania ENERGY DAY 2015 Event, organised by the Romanian Energy Center on 26<sup>th</sup> May 2015, at the European Parliament in Brussels.

The Programme of this Annual Event will address the following topics:

1. Facilitating Investments and Security in Indispensable Electricity Infrastructure
2. Single EU Energy Market
3. Sustainable Oil and Gas Infrastructure Corridors – Challenges and Opportunities for Central and South Eastern Europe

**The Objective** of this event is identifying options for integration and adaptation of the EU energy policy in the Central and South Eastern European Countries. The role of the Energy Union and its priorities from the regional perspective with a focus on Investments and Security in Electricity Infrastructure, as well as Sustainable Oil and Gas Infrastructure Corridors will be part of the discussions as well.

**Participants:** High level representatives members of the Romanian Energy Center, energy policy makers at National and EU level, representatives of the European Commission DG Energy, DG Regio, Members of Parliament, together with representatives of other associations and energy companies active in Brussels and all those interested in knowing the potential of the Central and South East Europe region as well as the Romanian energy market.

**Romanian Energy Center** is the professional organization for Romanian energy companies - state owned and private – representing its members in both Brussels and Bucharest. It is managed and financed by its member companies, mainly the electricity companies at the present, and works to secure for them the freest and most favourable conditions for competition and progress in order to ensure development, growth and well-being in Romania.

**Romanian Energy Center** has started the activity in Brussels in 2011. Our **Strategy** considers the aggregation in the Romanian energy sector and in a structured framework of institutional competencies, both individual and collective. Our **Vision** is a global context based on safety, comfort and respect for the environment, built on energy infrastructure, in which the Romanian energy plays an active role aligned to the interests of humanity.

**Members** of this Romanian professional organization are the main state-owned companies: SC ELECTRICA S.A., SC HIDROELECTRICA S. A., C.N. TRANSELECTRICA S. A., C.N. TRANSGAZ, Oltenia Energy Complex, ISPE, along with private companies active in the energy sector: Adrem Invest, ECRO, ELSACO Electronic, ENERGObit, EXIMPROD SA, Inversolar Energy SA, RETRASIB Sibiu, Tractebel Engineering SA, SIVCO Romania.

Please accept, dear Sir/Madam, the assurances of our highest and most distinguished consideration.

Corneliu BODEA  
REC President
